

## Assignment 2.1

### APA 254 – Data Structures

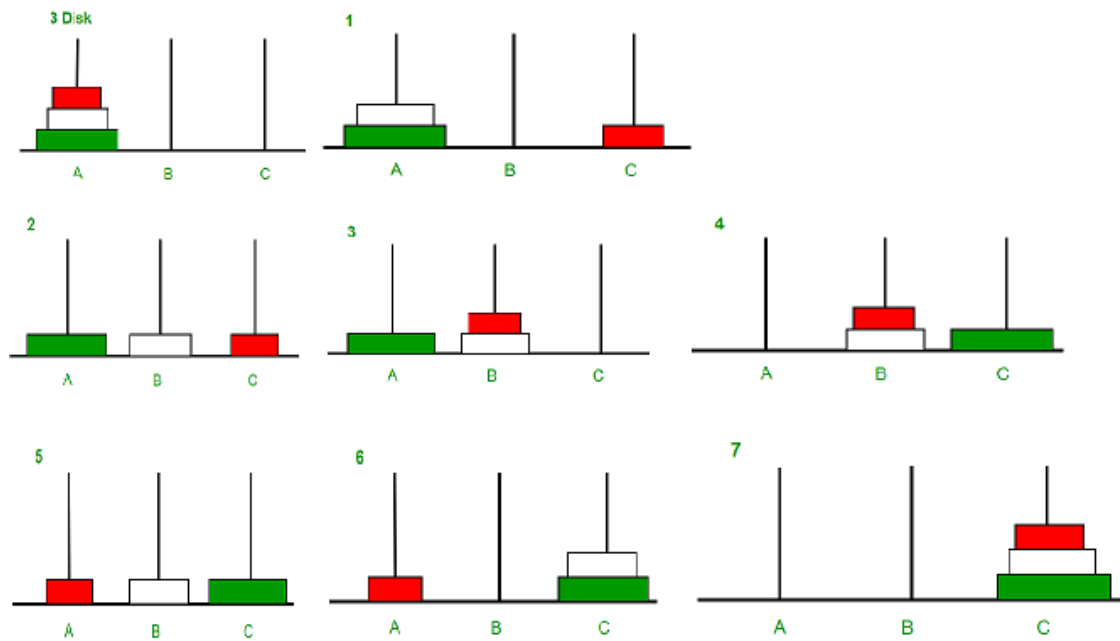

**DUE: Nov. 14**

\*(Small) Programming Assignment

Download ‘assign2.1.tar.gz’ and complete the code for ‘towerHanoi.cpp’.

‘towerHanoi.py’ is provided for your reference. Run it and take a look at it. Your cpp program should generate the same output. Simply, try to convert python to cpp.

FYI:

**Submission:** Print your source code and output from ‘towerHanoi.cpp’
